January/February/ MMVIII

From the Director

HAPPY NEW YEAR!

So, what are your plans for 2008?

I hope that as the new year starts you will continue to enjoy the daily activities, trips, special events and/or lunch meal as part of your "to do list". If you are not partaking in what is offered, what is keeping you? Perhaps, that special something that interests you is not offered at AV Senior Center. I would be more than happy to talk you about starting a new class and getting more seniors interested in your new group activity. So, as we start this New Year, I sure hope that it is full of health and all that is good and wonderful.

Again, HAPPY NEW 2008, hope to see you at the Antelope Valley Senior Center.

Ofelia Parris

Reminder!

It is that time of the year again! The Senior Center will be closed January 22nd at 1:00 pm (right after lunch time) and will re-open on Monday, January 28th at 8:00 am. The multipurpose room floor will be refinished and due to health and safety concerns the public will not be allowed in the Center.

Friends of the Center have again graciously voted to pay to have the multipurpose floor maintained. Keeping the floor in good condition is important not just because it looks good, but it prevents the costs of any major repairs from occurring in the future.

Lunch will be provided by AVCOA while the center is closed and Center staff will be present while the Center is closed to the public. If you have any questions or concerns, please call the Center.
